The Tolbert Children’s Education Benefit Program

U.W. CLEMON SCHOLARSHIPS:
The scholarships are intended to financially encourage and reward those Tolbert Minor Claimants who are working towards achieving their academic dreams. The scholarship provides solely for education-related expenses, including but not limited to, tuition, books, and supplies. Minor and legacy claimants are eligible for the scholarship if (1) they are enrolled in college/university or a trade school; and (2) they are between the ages of 16 and 21. Below is a bit more information about each of the programs.

ACT TEST PREP COURSE:
The Tolbert ACT Prep Course is FREE to claimants and legacy claimants ages 16-19. The preparatory course is provided by Kaplan Educational Services, the leading provider in ACT and SAT test taking services. The ACT course will provide Tolbert child claimants with the rigorous academic assistance necessary to perform well on the ACT test. It is a 6-7 week course designed to teach students how to analyze and interpret concepts in the following subjects: English, Math, Reading, Science and Writing (optional).

TUTORING:
Free tutoring and homework assistance is available to Tolbert minor claimants and legacy claimants between the ages of 7-18, and who are in elementary, junior high/middle school, and high school. The purpose of the program is to assist students who are experiencing hardship in particular subject(s). Children are tutored in the following subjects, Math, Reading, Science, History, English, and Social Science.

Now in its sixth year, the U.W. Clemon Scholarship Program will have helped fund the education of over 400 Tolbert Minor Claimants and Tolbert Legacy Claimants. The next scholarship round will begin around December 2014, with the deadline for scholarship applications taking place at the end of March 2015. This particular round will fund the academic year of Fall 2015 through Spring/Summer 2016.
